WELCOME TO THE 9TH ANNUAL SCHOOL DAY GAME!

This workbook is an accumulation of most topics you have already learned in school that relate to hockey. Test your knowledge by completing the workbook and placing your answers on the lines provided. Be sure to pay attention to the video board during the game so you can answer the bonus questions at the end on **PAGE 25!**

A LETTER FROM **#7, TYLER BIRD**

Dear Solar Bears Fans,

Thank you for attending our ninth annual School Day Game! My teammates and I are very excited to be playing in this early-morning game for you to enjoy. Growing up, I focused on both hockey and academics. Although I practiced and worked on my hockey skills every day, I also made sure that I worked hard on my school work and got good grades. Because I worked hard on my academics, I was able to attend a great college that opened the door to my hockey career.

Even though I am now a professional athlete, I am still constantly learning. I often rely on my teammates and my coaches by asking them questions to learn how I can be a better player. As a student you should always feel comfortable asking questions, never be afraid to ask for help and always be willing to challenge yourself.

The best thing I learned is that if you work hard enough, you can achieve anything. Discover your passion as soon as you can and start working at it - you never know where it might take you!

While at the game today remember these things: make sure to cheer for your Solar Bears, dance to the music and most importantly just have fun!

Sincerely,

Tyler Bird

Orlando Solar Bears Forward #7

2025-26 Team Captain

A stylized, handwritten signature in black ink, likely reading 'Tyler Bird', with a large, sweeping flourish at the end.

HOCKEY VOCABULARY

TEST YOUR KNOWLEDGE BY CHECKING OFF THE VOCABULARY YOU OBSERVE DURING THE GAME.

ATTACKING ZONE:

The opposing team's end of the ice; extends from the blue line to the end boards.

BLUE LINES:

These lines break up the ice into attacking [offensive], neutral and defending zones.

BODY CHECK

Use of the body on an opponent. It is legal when the opponent has possession of the puck or was the last player to have touched it.

CREASE:

The light blue area directly in front of the goaltender. Offensive players who do not have possession of the puck may not enter.

DEFENSIVE ZONE:

The defending team's zone; extends from the blue line to the end boards.

FACEOFF:

The dropping of the puck between one player from each team to start or resume play.

GOAL LINE:

The red line which runs between the goal posts and extends in both directions to the side boards.

ICING:

Occurs when a player hits the puck across the center line and the opposing goal line, without the puck being touched or going into the net.

PENALTY BOX:

The area opposite the team benches where players serve time for a penalty.

POWER PLAY:

A power play occurs when a team has a one- or two- man advantage because of the opponent's penalties. Most are 2 minutes long.

SHOT:

When the player shoots the puck at the goal. To count, the shot must have the possibility of becoming a goal.

SLAPSHOT:

Hitting the puck with the blade of the stick after taking a full backswing.

TOP SHELF:

Term used to describe when an offensive player shoots high in an attempt to beat the goaltender by putting the puck in the top part of the net.

OFFSIDES:

A play is offside if a player on the attacking team enters the offensive zone before the puck.

FORWARD:

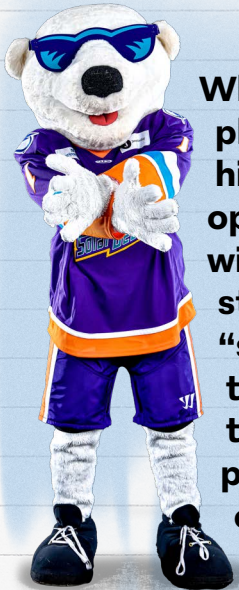

A player position on the ice whose primary responsibility is to score and assist goals.

DEFENSEMAN:

A player on the ice who is assigned to the defensive zone.

HOCKEY PENALTIES

SLASHING

When a player hits an opponent with their stick, or “slashes” them, either to impede progress or cause injury.

ROUGHING

Pushing and/or shoving after the whistle has been blown or when it takes away from the play.

HIGH-STICKING

Touching the opponent with the stick above shoulder level.

INTERFERENCE

When a player interferes with or impedes the progress of an opponent who is not in possession of the puck.

TRIPPING

When a stick or any portion of a player’s body is used to cause an opposing player to fall.

HOOKING

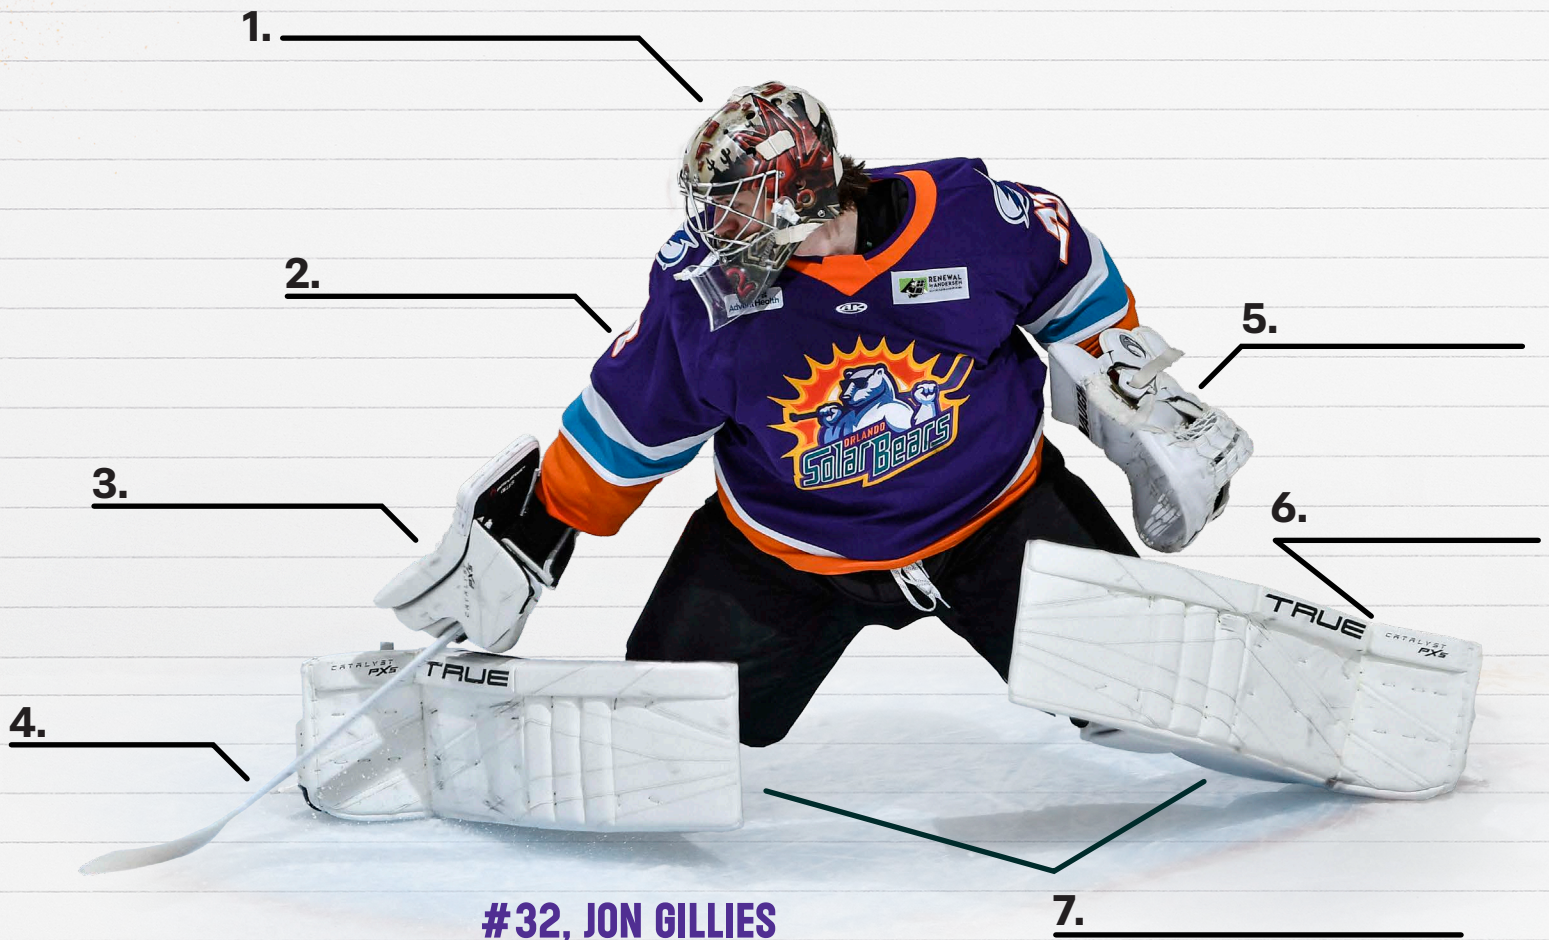

Using a stick as a hook to slow the opponent.

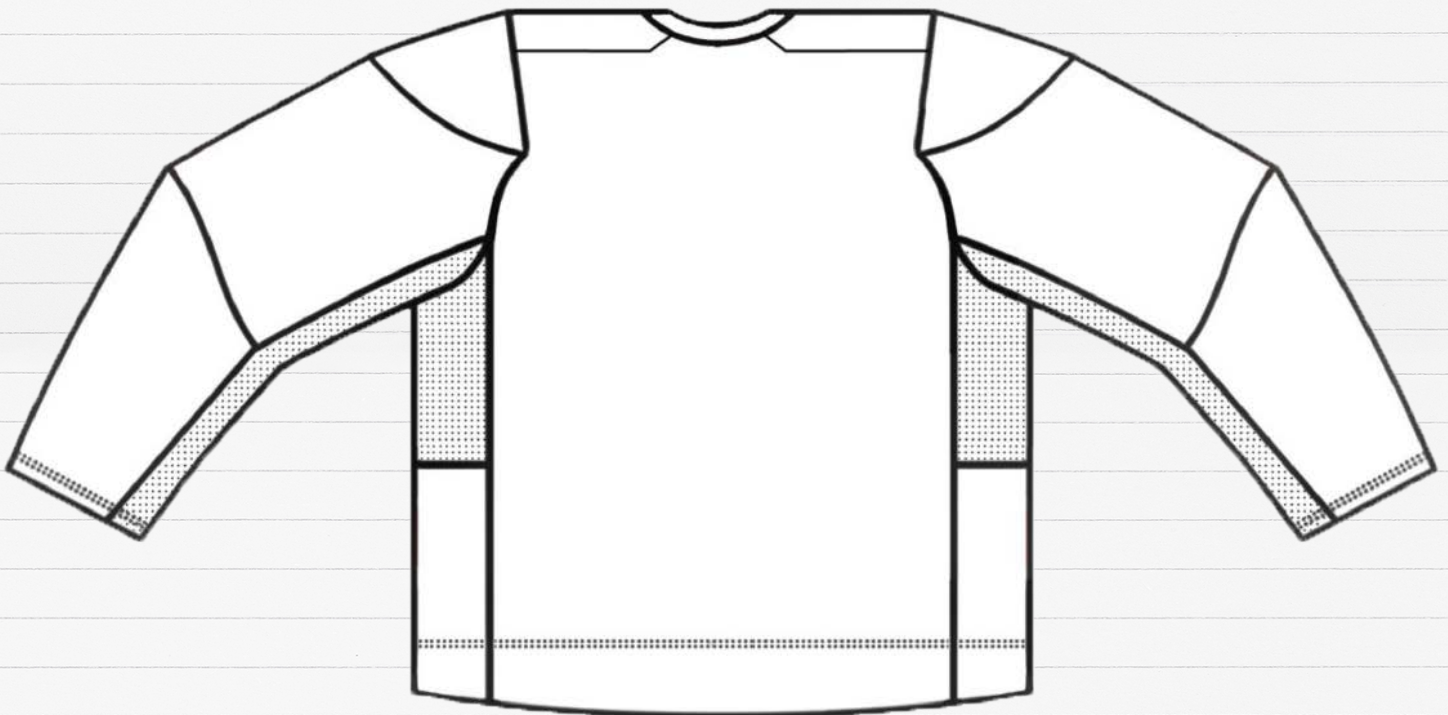

HOCKEY EQUIPMENT

Using the word bank, match the appropriate piece of equipment around our goalie.

STICK BLOCKER GOALIE MASK JERSEY
(GOALIE) GLOVE LEG PADS SKATES

DESIGN A SOLAR BEARS JERSEY!

CONCESSIONS

Hat: \$35.00

Ice Cream: \$6.00

Pepsi: \$3.50

Hockey Puck: \$9.00

T-Shirt: \$20.00

Popcorn: \$4.00

Pennant: \$10.00

Here are only a few items that can be purchased at the Kia Center during a Solar Bears game. You brought with you \$75 to spend at the game. You decided to buy a Hat, Pepsi, and a Hockey Puck. How much did you spend? How much do you have left?

ITEM

COST

Money Spent: _____

Money Left: _____

SCOREBOARD

PENALTIES #26 5:00 #14 2:00	SHOTS 20		7:30		SHOTS 28	PENALTIES
		1 SAV	2nd	ORL 3		

THE PERIOD: There are 3 periods in a hockey game (1st, 2nd, 3rd). Each period lasts 20 minutes.

THE CLOCK: The clock counts down from 20:00 to 0:00.

THE SCORE: Each team is awarded 1 point per goal. The score is a running tally across all periods.

THE SHOTS: Shots are kept track of but do not count towards the final game outcome.

THE PENALTIES: Players in the penalty box will show up on the scoreboard until their penalty time is up. Minor penalties are 2 minutes long, while major penalties are 5 minutes long.

1. How many total minutes are in a hockey game?

Periods x Minutes Per Period = _____

2. How much total time has passed in the 2nd period so far?

Minutes in Period ÷ Time on Clock = _____

3. The Savannah Ghost Pirates have 2 players in the penalty box. What fraction and percentage of the period is served when a player serves 1 minor penalty [2 minutes]?

Minutes of Penalty ÷ Minutes in Period = _____

4. What time is the Ghost Pirates player who has a major penalty allowed back into the game, if he serves the full penalty?

Time Left in Period ÷ Time for Penalty = _____

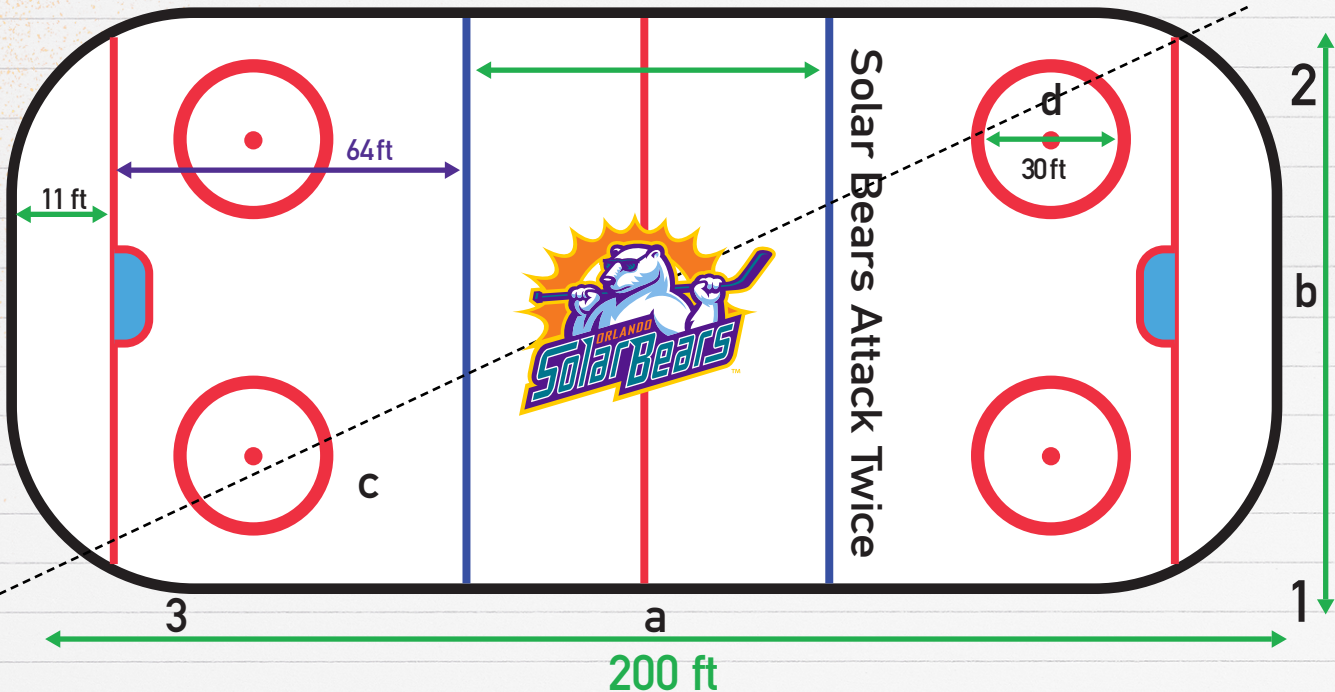

5. The Solar Bears scored their first goal in the 1st period and their second 2 goals in the second period. What is their average goal to period ratio?

6. The Solar Bears have 28 shots on goal and the Ghost Pirates have 20. What are both teams shot to goal ratio?

Solar Bears Shots = _____ Ghost Pirates Shots = _____

Solar Bears Goals = _____ Ghost Pirates Goals = _____

THE RINK

- ### 1. What is the perimeter of the rink?

[Length x 2] + [Width x 2] =

- ## 2. What is the length of the defensive zone?

[The purple line above] = _____

- ### 3. What is the length of the dotted line c?

$$a^2 + b^2 = c^2 =$$

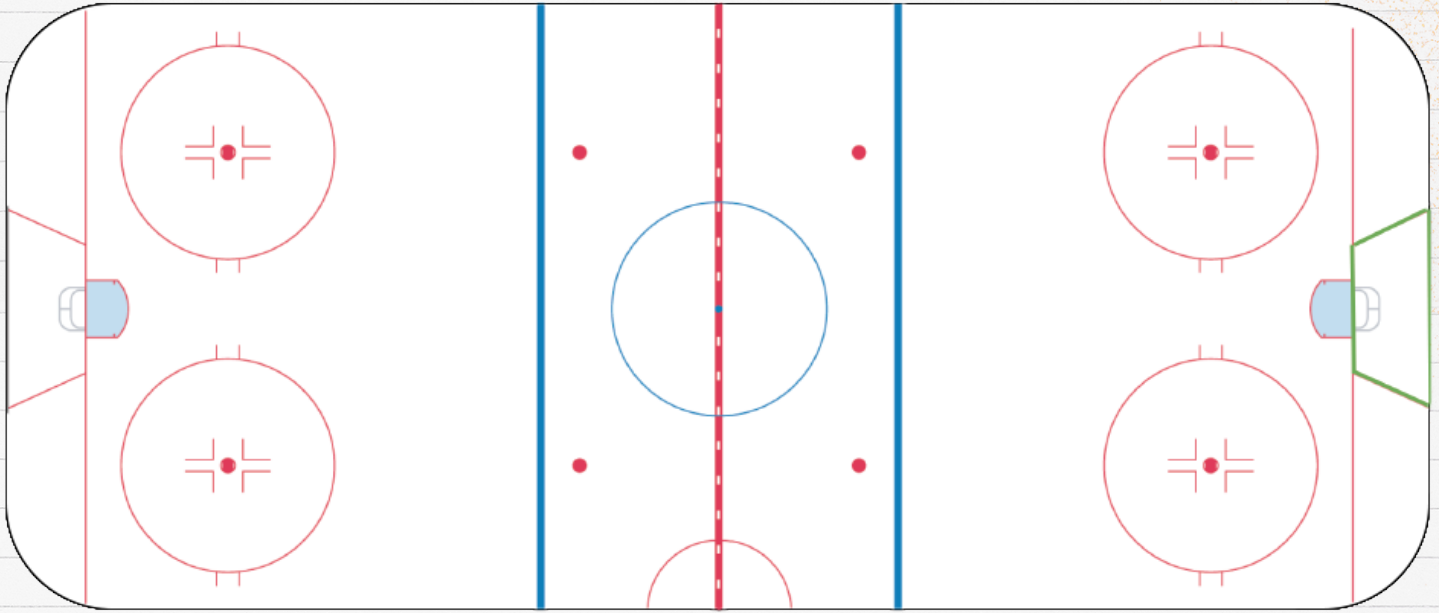

- #### 4. What is the radius of a face off circle?

$d \div 2 =$

- 5. If the triangle created from lines a, b and c is a right triangle and Angle 1 is 90° , what degrees is Angle 2? Angle 3?**

Angle 2 = _____ **Angle 3 =** _____

SHAPES

1. What shape is made using both goal lines and the long sides of the rink?

2. What shape is located directly behind each net? [outlined in green]

3. How many circles can be found in this picture? _____

4. How many different rectangles can be found on the rink? _____

5. What shape does a hockey puck resemble? _____

POSTGAME REPORT

1. How many total goals were scored in this game?

2. What was the Solar Bears shooting % for the game?

$(\text{Goals/Shots}) =$

3. How many players did the Everblades have sent to the penalty box during this game?

$\text{Everblades PIM} \div 2 =$

a. How many more players did they have in the penalty box than the Solar Bears?

$[\text{Everblades PIM} \div 2] - [\text{Solar Bears PIM} \div 2] =$

4. This was the Solar Bears' first win of the 2025-26 season. Out of 72 season games, how many more wins do they need to get a win percentage of 50%?

STATISTICS

2. How many goals has this player scored in his professional career? _____
3. How many games has this player played in the ECHL? _____
4. Assuming all penalties were two-minute penalties, how many penalties were called on this player in his first season with the Solar Bears? _____
5. During what season did this player play his 100th career game? _____
6. What is this player's current total +/-? _____

ZAMBONI & THE ICE

1. A Zamboni travels approximately $\frac{3}{4}$ of a mile for resurfacing.
2. On average, a Zamboni machine "travels" close to 2,000 miles each year while resurfacing.
3. The blade on the Zamboni machine is designed especially for ice-resurfacing and is sharp enough to slice through thick stacks of newsprint. The blade weighs 57 pounds and is $\frac{1}{2}$ inch thick.

4. When the machine resurfaces the ice, it is capable of removing close to 2,500 pounds of compacted snow, while it can leave about 1,500 gallons of water.

1. Water can exist in all 3 states of matter. What are these 3 states?

2. If a Zamboni does 4 resurfacings per game, approximately how many miles does the machine travel per game?

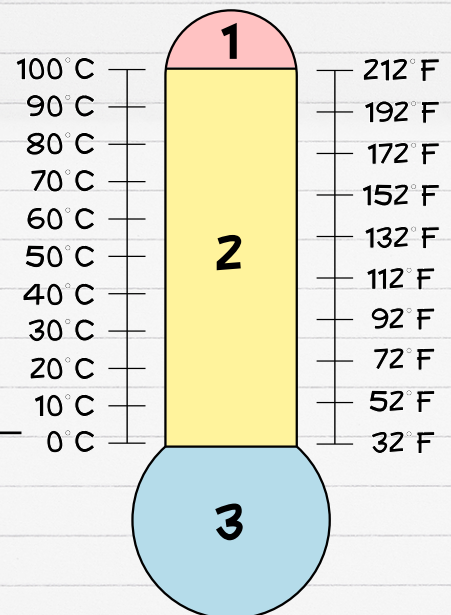

[See Fact #1] _____

3. The 3 states of matter exist at various temperature ranges. Using the thermometer, what ranges correspond with the 3 states for water?

Range 1: $> 212^{\circ}\text{F}/100^{\circ}\text{C}$ _____

Range 2: $> 212^{\circ}\text{F}/100^{\circ}\text{C} > 32^{\circ}\text{F}/0^{\circ}\text{C}$ _____

Range 3: $> 32^{\circ}\text{F}/0^{\circ}\text{C}$ _____

ENERGY, MOTION, & POWER

Kinetic energy is the energy in motion.

The amount of kinetic energy an object has depends on how fast it's going and its mass. The faster an object is moving, the more kinetic energy it has. Potential energy is energy stored in an object. It's easy to think of potential energy as energy that is waiting to be used.

THE SLAPSHOT

When a player goes to take a slapshot, they will ***rotate*** their arm and stick ***back*** and then propel both ***forward***. There is kinetic energy in both the arm and stick. The player's blade of the stick will hit ice first, before contacting the puck. This contact causes the stick to ***flex***, storing energy in it like a ***spring***. When the face of the blade strikes the puck, the player ***rotates*** his wrists and shifts his weight to **release** the stored energy and ***transfer*** it to the puck. The kinetic energy of the puck after impact is ***most*** of the energy from the motion of the arm and hockey stick. The result is the puck reaching a speed ***faster*** than it would if the player simply hit the puck directly because of the added energy from striking the ice first.

Write down the Solar Bears players' numbers who you see perform a slapshot during the game.

GEOGRAPHY

Use the next map on the next page to answer the questions below.

1. Which team is the farthest North? _____

2. Can you name 1 state (*other than Florida*) that has more than 1 ECHL team?

3. Can you name 4 states that DO NOT currently have an ECHL team?

4. What state are the Gargoyles from?

5. What state are the Rush from?

6. What state are the Heartlanders from?

7. What state are the Nailers from?

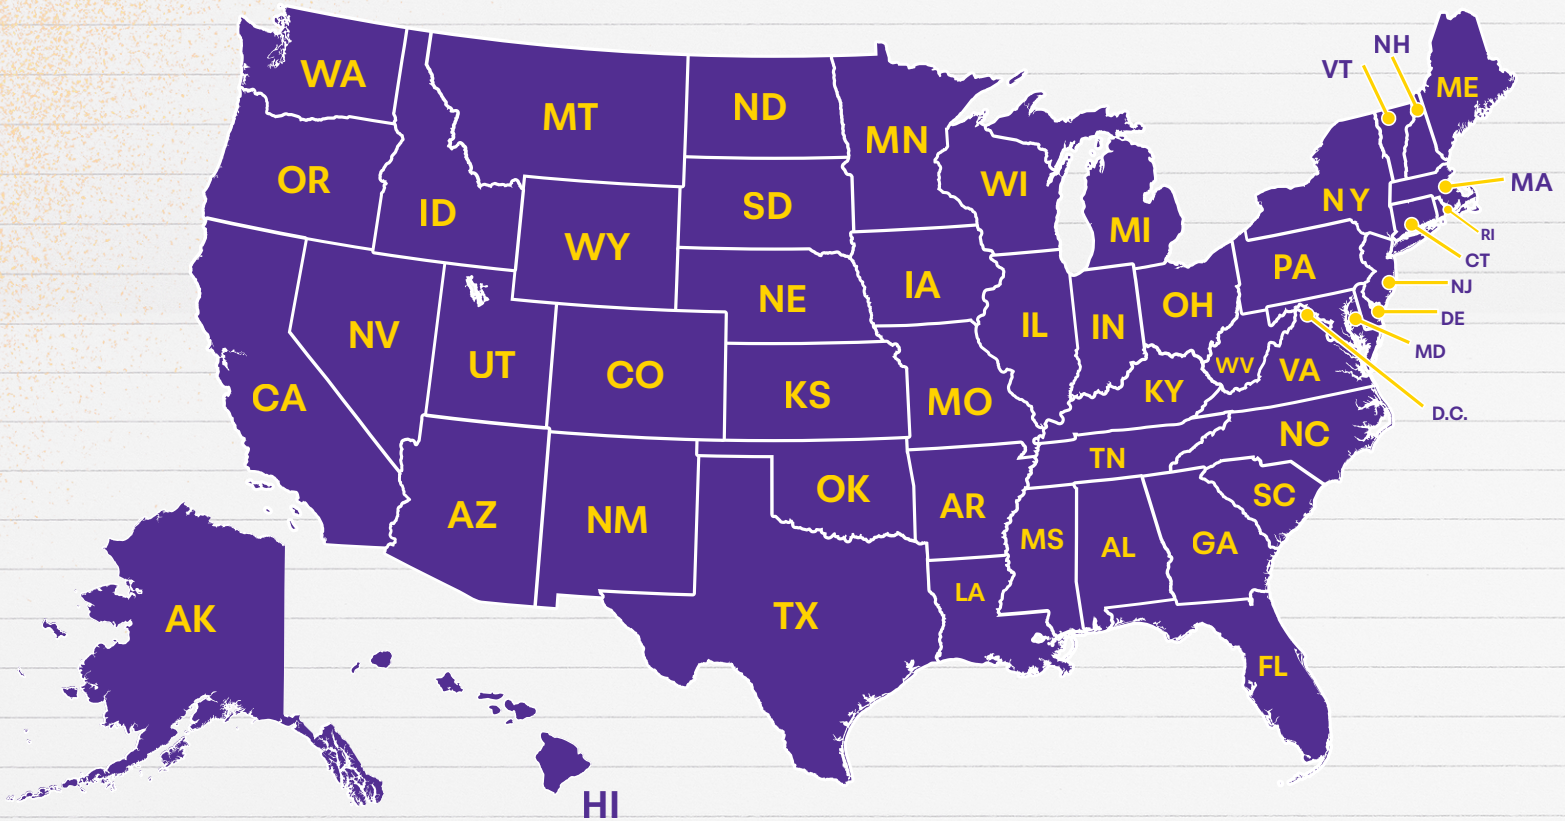

8. Which ECHL team is NOT located inside the US? _____

PREMIER 'AA'
HOCKEY
LEAGUE

GEOGRAPHY

Use the map above and the Solar Bears Roster on the next page to answer the following questions.

Circle the different US states that the Solar Bears players are from.

- 1. How many players are from the USA? _____**
- 2. How many players are from Canada? _____**
- 3. Which player was born the furthest from Florida? _____**
- 4. Which player was born the closest to Orlando? _____**

TYLER BIRD SCORES TWICE AS SOLAR BEARS TAKE GAME ONE IN OVERTIME

orlando Solar Bears claims series lead over jacksonville icemen in thrilling opener **[3]**

ORLANDO, Fla – Tyler Bird scored his second goal of the night at the 2;47 mark of overtime to lift the Orlando solar bears (1-0) to a 4-3 win over the Jacksonville Iceman (0-1) on friday night at the Kia Center. It was the bears first playoff overtime win since 2021. **[3]**

The solar bears jumped out early with goals from Cole Kodsí and Kersten in the 1st period! Orlando controlled most of the play, outshooting Jacksonville 15 to 9. The Icemen respond in the second frame, tying the game after back to back powerplays. **[3]**

In the third, Aaron Luchuck gave Orlando the lead again, but Jacksonville's Nathan Dunkley scored on a rebound to make it 3-3. The fans cheered loudley as both teams pressed for the game-winner, but neither squad could convert before the horn. **[3]**

Goaltender Jon Gillies made several big saves late in the 3rd periods to keep the game even, including a stop on a breakway by Christopher Brown. His performance help set the stage for Bird's heroics in extra time. **[4]**

The winning play started when defensemen Chris Harpur carried the puck through the neutral zone and fed Bird, who fired a wrist shot threw traffic past the Jacksonville netminder. The arena erupted as the Solar Bears bench emptied onto the ice to celebrate. **[5]**

With the victory, Orlando takes a 1-0 series lead in the South Division semifinals and will look to extend there momentum in Game Two on saturday night at the Kia Center. **[5]**

After the game, Bird said "it felt amazing scoring infront of our home fans, the energy was crazy." Coach Matt Macdonald added that the team's focus now shifts to cleaning up there defensive play and staying out of the box next game. "Were proud, but we know the job isn't done yet," he mention. **[3]**

WRITE A GAME RECAP

A few pages back you found the errors in the game recap from a previous game. Now, here is an opportunity to write your own! After the game, write your own game recap below and give it to your teachers to turn in to our staff. You can use the recap from page 22 as an example.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

WORD PUZZLES

*Complete the Crossword puzzle using the clues below!
Use the vocabulary on **pages 8 and 9** for help!*

ACROSS:

- 1** Hitting the puck with the blade of the stick after taking a full backswing.
- 2** Hockey team in Orlando.
- 5** Number of periods in a game.
- 6** A post-season competition.
- 8** Name of Solar Bears mascot.

DOWN:

- 3** The area opposite the team benches where players serve time for a penalty.
- 4** Type of penalty that uses the stick as hook to slow opponent.
- 7** Use of the body on an opponent.
- 9** What the game is played on.
- 10** The light blue area directly in front of the goaltender.

BONUS FACTS

*Pay attention to the video board throughout the game to answer the **BONUS** questions below!*

1. How much did Davis Bunz spend at the Solar Bears game? How much money does he have left over? _____
2. Where did Tyler Drevitch play last season? _____
3. How do you spell #57's name? _____

BONUS HOCKEY FACTS

1. A Zamboni weighs over 11,000 pounds when filled with water.
2. The hardest slap shot recorded in NHL history was by Zdeno Chara at 108.8 miles per hour.
3. As of the start of the 2021-22 season, Patrick Marleau holds the record for most games played in the NHL with 1,779.
4. The ECHL was founded in 1988 with five teams in four states. The ECHL now has 29 teams in 22 states and one Canadian province.
5. The diameter of a hockey puck is 3 inches.
6. Regulation size hockey nets are 6 feet wide and 4 feet tall.
7. The last player in the NHL to play without a helmet was Craig Mac Tavish, who retired in 1997.
8. The standard North American ice rink is 200 ft. long and 85 ft. wide. Ice rinks used in the Olympics are different measuring 197 ft. long and 98.4 ft. wide.

WRITE A LETTER TO THE SOLAR BEARS!

We want to hear from you! Did you have a good time at the game? Want to send some kind words to one of the players or coaches? Did you like our fun intermission games? Did you have fun dancing with Shades on his birthday? Send us a letter and drop it off the next time you are at a Solar Bears game or mail it to the address below!
